The **garagErasmus Foundation** is a non-profit Foundation responsible for the promotion of the professional development of the Erasmus Generation, in cooperation with the European Commission. Our goal is the creation of the first professional network of the Erasmus generation for the 9 million people that already attended the Programme with Institutions, Universities, Cities, Companies, local associations and young talents.

The Foundation has just created a local section in Brussels and would like to invite you to the launching event, that will be hosted by the MEP Brando Benifei.

On that occasion, we would like to showcase the activities that the foundation carries out and to inform you about our two main projects: the “**Laissez-Passer**” of the Erasmus Generation and the **Erasmus+ Generation Online Meeting Point**, both crucial for this special 30th anniversary of the Erasmus+ Programme.

The event will take place on 21st November from 17.30 to 19.00, in the European Parliament (Altiero Spinelli building, room A7F387).

Please, don't forget to bring your ID with you.
